

CALL FOR SPEAKERS

Unified Mobility Summit
October 20–23, 2019
Region of Waterloo

Moving to Smart Future-Ready Connected Transportation

**ARE YOU A
MOBILITY
VISIONARY?
JOIN US.**

Share your knowledge, experience ideas.

This fall, add your voice to those of experts from across the continent, exchange information and strategies for your community, now and into the future.

This Summit is focused on Unified Mobility:

Sustainable Mobility—What strategies are working to get more people choosing travel modes over SOV?

Micro Mobility—how are scooters and bikes changing how we move in our urban areas?

Shared Mobility—Is the sharing economy the future? Bikeshare, carshare and rideshare use is experiencing explosive growth.

Integrated Mobility—modal integration is the key to a seamless transportation system

New Mobility—How is technology taking the lead and delivering results?

Autonomous—How is an autonomous future driving policies and innovations now?

Connected— Technology innovations are now enabling connectivity between multimodal apps or services. What are the trends or what is working in your community? now and into the future

**Summit Venue
in the Creative
Capital of Canada**

The Summit is being held in Waterloo Region - the hub of Canada's Innovation Corridor. Join our local host, the Region of Waterloo, as we explore how it's **new light rail transit system** has transformed the sustainable transportation landscape.

SUBMIT AN ABSTRACT Submission Deadline: May 24 2019

We're looking for great speakers — so tell us how you can contribute.

Submit presentation abstract to www.ACTCanada.com

HOW TO SUBMIT: Complete the online form at www.ACTCanada.com

DEADLINE: May 24, 2019

QUESTIONS?: Email Summit@ACTCanada.com or call 613.226.9845

Join Us: October 20-23 in Waterloo Region

Unified Mobility is sustainable, multimodal, integrated and connected. It is all about choice and how every individual should be able to choose the best way to get around through the unified delivery of all modes,

services, tools, and information. It is the foundation for an autonomous future, where ridesharing through carpooling, vanpooling and transit can be dynamically booked, scheduled and paid for all within this unified

delivery concept. Further, it integrates and is the aggregator for carsharing, bikesharing, ridehailing, and supportive services like emergency ride home, parking and more.

CALL FOR SPEAKERS

WE ENCOURAGE SUBMISSIONS IN THE FOLLOWING AREAS:

The leadership Summit will offer a program that includes all key elements of a Unified Mobility future, for all delegates over a three-day period.

- **Autonomous Vehicles**
- **Carsharing**
- **Bikesharing / scooter sharing**
- **TNC's**
- **Ridesharing**
- **Health & Environment**
- **Parking**
- **Planning and Development**
- **Transit**
- **Advanced Technologies**
- **Multimodal**
- **Multimodal policy**

- **Behaviour change**
- **Complete streets**
- **Safe communities**
- **Walking and cycling strategies**
- **Integrated pedestrian planning**
- **Social marketing**
- **Workplace and school travel planning**
- **Partnerships and collaboration**
- **Outreach and engagement**
- **Evidence-based research results**

Benefits of Presenting:

Presenting at the Summit offers timely benefits to you and your organization:

- **Help change policy.** Inspire and lead change.
- **Leadership.** Be seen as a leader in your field.
- **Network.** Make new connections with other professionals.
- **Team-building.** Spark discussions and new interactions.
- **Best practice exchange.** Share yours and acquire others.
- **Explore new tools.** Learn about innovative approaches and technologies.
